What you must do at the Entry Gates

To use your pre-paid parking booking you must identify your booking at the entry gate by either scanning the barcode on your printed booking receipt, or by inserting the credit card that you nominated to use for entry. A pre-paid ticket will be generated which you must take and insert at the exit gate when you return.

If you fail to identify your booking at the entry gate, you will be charged again for your parking stay at standard car park rates.

If you have any problems identifying your booking, press the Help button at the entry gate and our staff will assist you.
